Articles in Ca are indexed in Index Medicus and Current Contents/Clinical Practice. Some are abstracted in Chemical Abstracts, Biological Abstracts, Excerpta Medica, Abstracts of World Medicine, Medical Socioeconomic Research Sources. All articles published, including editorials and letters, represent the opinions of the authors and do not reflect the official policy of the American Cancer Society or the institution with which the author is affiliated, unless there is a clear indication to the contrary.

Circulation: over 400,000
